

Having a Baby?

Kandiyohi County offers voluntary, family focused home visits and services for pregnant moms

Goals of Home Visits

- Healthy pregnancy
- Healthy baby
- Get connected to resources in the community

Benefits of Home Visits

- Nurse will meet you at the comfort of your own home
- Nurse will support you
- Answer any questions about yourself and baby

What Happens During Visit

Nurse will educate you on:

- Stages of pregnancy
- Growth of baby
- Nutrition
- Breastfeeding
- Preparing for delivery

Mom Having a Home Visit

“I enjoyed having a nurse come to my home, I received support and encouragement towards my baby’s growth and education on pregnancy”

If you would like a home visit or have questions please call:
